**F. APPROVAL OF MINUTES**

**1. September 9, 2024, Regular Board Meeting**

The minutes of the September 9, 2024, Regular Board Meeting were presented for consideration.

Section H 1 Consider Phase 2 A Acquisition - Should read as follows:

The Board discussed the acquisition and reimbursement approval process and, Mr. Brooks and Ms. Robertson shared concerns about signing documents without background information. Ms. John explained it was not unusual for the District to process acquisitions between meetings pursuant to the acquisition agreement and then have them brought back before the Board at a later date for ratification. Ms. John explained that the reason this [processing multiple acquisition and reimbursement packages] was occurring in this District was because all of the construction bond funds had not been spent all at once [in the first acquisition/reimbursement process as they have typically experienced in other Districts]. If all bond funds are spent at once, this process of additional acquisitions for reimbursement does not occur. There was a consensus of the Board that all acquisitions be brought to the Board for approval. A discussion ensued regarding time sensitive signatures.

Mr. Butler was able to review the documents, confirming the numbers were consistent with his information.

A **motion** was made by Ms. Ray, seconded by Mr. Brooks and passed unanimously approving the minutes of the September 9, 2024, Regular Board Meeting, as amended.

## **G. OLD BUSINESS**

### **1. Discussion Regarding Lake Bank Inspection**

The Board would like to have an annual lake inspection from an operational and maintenance standpoint. This is a permitting requirement. Mr. Savage recommended from a timing standpoint the inspection be completed in December to allow sufficient time for any possible repairs to be made prior to the rainy season.

A **motion** was made by Mr. Brooks, seconded by Ms. Ray and passed unanimously authorizing the District Engineer to create a work order for an inspection at the hourly rate to be executed by Pat Butler.

## **H. NEW BUSINESS**

### **1. Consider Phase 2C Acquisition**

Ms. Willson presented the Phase 2C Acquisition for potable water. This authorizes the payout with the final acquisition for Phase 2. There are a few costs that will be finalized in the next few weeks. Any fluctuation in the documents will be brought before the Board for ratification. Messrs. Butler and Savage reviewed the costs associated with the acquisition.

A **motion** was made by Mr. Brooks, seconded by Mr. Butler approving the Phase 2C Acquisition, including execution and finalization after final retainage and adjustments.

### **2. Consider Ratification of Phases 2B & 2D Acquisition Package**

Ms. Willson presented the ratification package for Phases 2B and 2D. The Board approved this in substantial form at the May meeting. This is for assets acquired by the District prior to turnover to the County to allow Pulte to be reimbursed pursuant to the Bond.

A **motion** was made by Mr. Brooks, seconded by Mr. Butler and passed unanimously ratifying Phases 2B & 2D Acquisition Package.

**I. ADMINISTRATIVE MATTERS**

The Landowner' Meeting will be held on November 5, 2024, and Scott Brooks will have the proxy ballot. The terms for Seats 2, 3 and 5 will be expiring. Those seats are currently held by Laura Ray (2), Kim Morton (3) and Pat Butler (5). Discussion ensued regarding the acreage in the land bank versus the parcels owned by Pulte. It was determined a proxy was not necessary for the land bank parcels. The coordination to get the proxy will be done by Naomi Robertson with the help of District staff.

There was a consensus of the Board that the November Regular Board Meeting would be cancelled.

The Boundary Amendment for the Theta Parcel will be ready for the December or January meeting.

**J. BOARD MEMBER COMMENTS**

There were no further comments from the Board Members.

**K. ADJOURNMENT**

There being no further business to come before the Board, a **motion** was made by Ms. Ray, seconded by Ms. Morton and passed unanimously adjourning the Regular Board Meeting at 12:04 p.m.

**THIS AMENDED & RESTATED ACQUISITION AGREEMENT (SERIES 2023 PROJECT)** (“**Agreement**”), dated as of March 8, 2023, is made and entered into, by and between:

**DEL WEBB OAK CREEK COMMUNITY DEVELOPMENT DISTRICT**, a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, being situated in Lee County, Florida, whose address is c/o Special District Services, Inc., 2501A Burns Road, Palm Beach Gardens, Florida 33410 (“**District**”); and

**PULTE HOME COMPANY, LLC**, a Michigan limited liability company and a landowner in the District, whose address is 3350 Peachtree Road Northeast, Suite 150, Atlanta, Georgia 30326 (“**Developer**”).

### **RECITALS**

**WHEREAS**, on July 11, 2022, the Parties entered into the Agreement Regarding the Acquisition of Certain Infrastructure (“**Acquisition Agreement**”); and

**WHEREAS**, the scope of the hereinafter defined Series 2023 Project has been updated; and

**WHEREAS**, as a result, the Parties desire to amend and replace the Acquisition Agreement in its entirety with this Agreement; and

**WHEREAS**, the District was established by Ordinance No. 22-15, enacted by the Board of County Commissioners in and for Lee County, Florida, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, *Florida Statutes*, as amended (“**Act**”), and is validly existing under the Constitution and laws of the State of Florida; and

**WHEREAS**, the Act authorizes the District to issue bonds for the purpose, among others, of planning, financing, constructing, operating and/or maintaining certain infrastructure, including storm water management systems, roadways, landscaping, utilities, and other infrastructure within or without the boundaries of the District; and

**WHEREAS**, the Developer is the primary owner of certain lands in unincorporated Lee County, Florida, located within the boundaries of the District; and

**WHEREAS**, the District presently intends to finance the planning, design, acquisition, construction, and installation of certain infrastructure improvements, facilities, and services to benefit what is known as “**Series 2023 Project**,” which is a portion of the master project as detailed in the *Engineer’s Report* dated July 11, 2022, (“**Engineer’s Report**”), which is attached to this Agreement as **Exhibit A** ; and

**WHEREAS**, the District intends to finance a portion of the Series 2023 Project through the use of proceeds from the sale of Del Webb Oak Creek Community Development District Special Assessment Bonds, Series 2023 (2023 Project) (“**Bonds**”); and

**WHEREAS**, the District has not had sufficient monies on hand to allow the District to contract directly for: (i) the preparation of the surveys, testing, reports, drawings, plans, permits, specifications, and related documents necessary to complete the Series 2023 Project (“**Work Product**”); or (ii) construction and/or installation of the improvements comprising the Series 2023 Project (“**Improvements**”); and

**WHEREAS**, the District acknowledges the Developer’s need to commence development of the lands within the District in an expeditious and timely manner; and

**WHEREAS**, in order to avoid a delay in the commencement of the development of the Work Product and/or the Improvements, the Developer has advanced, funded, commenced, and completed and/or will complete certain of the Work Product and/or Improvements; and

**WHEREAS**, the Developer and the District are entering into this Agreement to set forth the process by which the District may acquire the Work Product, the Improvements, and any related real property interests without consideration (“**Real Property**”) and in order to ensure the timely provision of the infrastructure and development.

**NOW, THEREFORE**, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which are hereby acknowledged, the District and the Developer agree as follows:

**1. INCORPORATION OF RECITALS.** The recitals stated above are true and correct and by this reference are incorporated as a material part of this Agreement.

**2. WORK PRODUCT AND IMPROVEMENTS.** The parties agree to cooperate and use good faith and best efforts to undertake and complete the acquisition process contemplated by this Agreement on such date or dates as the parties may jointly agree upon each (“**Acquisition Date**”). Subject to any applicable legal requirements (e.g., but not limited to, those laws governing the use of proceeds from tax exempt bonds), and the requirements of this Agreement, the District agrees to acquire completed Work Product and Improvements that are part of the Series 2023 Project that are commenced or completed prior to the District’s receipt of proceeds from the Bonds.

- a. ***Request for Conveyance and Supporting Documentation*** – When Work Product or Improvements are ready for conveyance by the Developer to the District, the Developer shall notify the District in writing, describing the nature of the Work Product and/or Improvement and estimated cost. Additionally, Developer agrees to provide, at or prior to each Acquisition Date, the following: (i) documentation of actual costs paid, (ii) instruments of conveyance such as warranty bills of sale or such other instruments as may be requested by the District, and (iii) any other releases, warranties, indemnifications or documentation as may be reasonably requested by the District. All documentation of any acquisition (e.g., bills of sale, receipts,

maintenance bonds, as-builts, evidence of costs, deeds or easements, etc.) shall be to the satisfaction of the District.

- b. **Costs** – Subject to any applicable legal requirements (e.g., but not limited to, those laws governing the use of proceeds from tax exempt bonds), the availability of proceeds from the Bonds, and the requirements of this Agreement, the District shall pay no more than the actual cost incurred, or the reasonable cost of the Work Product or Improvements, whichever is less, as determined by the District Engineer. The Developer shall provide copies of any and all invoices, bills, receipts, or other evidence of costs incurred by the Developer for any Work Product and/or Improvements. The District Engineer shall review all evidence of cost and shall certify to the District Board the total actual amount of cost, which in the District Engineer’s sole opinion, is reasonable for the Work Product and/or Improvements. The District Engineer’s opinion as to cost shall be set forth in an Engineer’s Certificate which shall accompany the requisition for the funds from the District’s Trustee for the Bonds (“Trustee”).
  - i. In the event that the Developer disputes the District Engineer’s opinion as to cost, the District and the Developer agree to use good faith efforts to resolve such dispute. If the parties are unable to resolve any such dispute, the parties agree to jointly select a third party engineer whose decision as to any such dispute shall be binding upon the parties. Such a decision by a third-party engineer shall be set forth in an Engineer’s Affidavit which shall accompany the requisition for the funds from the Trustee.
- c. **Right to Rely on Work Product and Releases** – The Developer agrees to release to the District all right, title, and interest which the Developer may have in and to any Work Product conveyed hereunder, as well as all common law, statutory, and other reserved rights, including all copyrights in the Work Product and extensions and renewals thereof under United States law and throughout the world, and all publication rights and all subsidiary rights and other rights in and to the Work Product in all forms, mediums, and media, now known or hereinafter devised. To the extent determined necessary by the District, the Developer shall obtain all releases from any professional providing services in connection with the Work Product to enable the District to use and rely upon the Work Product. Such releases may include, but are not limited to, any architectural, engineering, or other professional services. Such releases shall be provided in a timely manner in the sole discretion of the District.
  - i. The District agrees to allow the Developer access to and use of the Work Product without the payment of any fee by the Developer. However, to the extent the Developer’s access to and use of the Work

Product causes the District to incur any cost or expense, such as copying costs, the Developer agrees to pay such cost or expense.

- d. ***Transfers to Third Party Governments*** – If any item acquired is to be conveyed by the District to a third-party governmental body, then the Developer agrees to cooperate and provide such certifications, documents, bonds, warranties, and/or forms of security as may be required by that governmental body, if any.
- e. ***Permits*** – The Developer agrees to cooperate fully in the transfer of any permits to the District or a governmental entity with maintenance obligations for any Improvements conveyed pursuant to this Agreement.
- f. ***Engineer's Certification*** – Nothing herein shall require the District to accept any Work Product and/or Improvements unless the District Engineer (or other consulting engineer reasonably acceptable to the District), in his/her professional opinion, is able to certify that, in addition to any other requirements of law: (i) the Work Product and/or Improvements are part of the Series 2023 Project; (ii) the price for such Work Product and/or Improvements did not exceed the lesser of the cost of the Work Product and/or Improvements or the fair market value of the Work Product and/or Improvements; (iii) as to Work Product, the Work Product is capable of being used for the purposes intended by the District, and, as to any Improvements, the Improvements were installed in accordance with their specifications, and are capable of performing the functions for which they were intended; and (iv) as to any Improvements, all known plans, permits and specifications necessary for the operation and maintenance of the Improvements are complete and on file with the District, and have been transferred, or are capable of being transferred, to the District for operations and maintenance responsibilities.

3. **CONVEYANCE OF REAL PROPERTY.** The Developer agrees that it will convey to the District at or prior to the applicable Acquisition Date as determined solely by the District, by a special warranty deed or other instrument acceptable to the District's Board of Supervisors together with a metes and bounds or other description, the Real Property upon which any Improvements are constructed or which are necessary for the operation and maintenance of, and access to, the Improvements.

- a. ***Cost.*** The parties agree that all Real Property shall be provided to the District at no cost, unless (i) the costs for the Real Property are included as part of the Series 2023 Project, and (ii) the purchase price for the Real Property is less than the lower of the cost basis in such Real Property or the appraised value of the Real Property, based on an appraisal obtained by the District for this purpose. The parties agree that the purchase price shall not include amounts attributable to the value of improvements on the Real Property and other improvements serving the Real Property that have been, or will be, funded by the District.

- b. ***Fee Title and Other Interests*** – The District may determine in its reasonable discretion that fee title for Real Property is not necessary and, in such cases, shall accept such other interest in the lands upon which the Improvements are constructed as the District deems acceptable.
- c. ***Developer Reservation*** – Any conveyance of Real Property hereunder by special warranty deed or other instrument shall be subject to a reservation by Developer of its right and privilege to use the area conveyed to construct any Improvements and any future improvements to such area for any related purposes (including, but not limited to, construction traffic relating to the construction of the Development) not inconsistent with the District’s use, occupation or enjoyment thereof.
- d. ***Fees, Taxes, Title Insurance*** – The Developer shall pay the cost for recording fees and documentary stamps required, if any, for the conveyance of the lands upon which the Improvements are constructed. The Developer shall be responsible for all taxes and assessments levied on the lands upon which the Improvements are constructed until such time as the Developer conveys all said lands to the District. At the time of conveyance, the Developer shall provide, at its expense, an owner’s title insurance policy in a form satisfactory to the District. In the event the title search reveals exceptions to title which render title unmarketable or which, in the District’s reasonable discretion, would materially interfere with the District’s use of such lands, the Developer shall cure, or cause to be cured, such defects at no expense to the District.
- e. ***Boundary Adjustments*** – Developer and the District agree that reasonable future boundary adjustments may be made as deemed necessary by both parties in order to accurately describe lands conveyed to the District and lands which remain in Developer’s ownership. Unless otherwise determined by the District’s bond counsel, the parties agree that any land transfers made to accommodate such adjustments shall be accomplished by donation. However, the party requesting such adjustment shall pay any transaction costs resulting from the adjustment, including but not limited to taxes, title insurance, recording fees or other costs. Developer agrees that if a court or other governmental entity determines that a re-platting of the lands within the District is necessary, Developer shall pay all costs and expenses associated with such actions.

**4. TAXES, ASSESSMENTS, AND COSTS.**

- a. ***Taxes and Assessments on Property Being Acquired.*** The District is an exempt governmental unit acquiring property pursuant to this Agreement for use exclusively for public purposes. Accordingly, in accordance with Florida law, the Developer agrees to place in escrow with the Lee County tax collector an amount equal to the current ad valorem taxes and non-ad valorem

assessments (with the exception of those ad valorem taxes and non-ad valorem assessments levied by the District) prorated to the date of transfer of title, based upon the expected assessment and millage rates giving effect to the greatest discount available for early payment.

- i. If and only to the extent the property acquired by the District is subject to ad valorem taxes or non-ad valorem assessments, the Developer agrees to reimburse the District for payment, or pay on its behalf, any and all ad valorem taxes and non-ad valorem assessments imposed during the calendar year in which each parcel of property is conveyed.
  - ii. Nothing in this Agreement shall prevent the District from asserting any rights to challenge any taxes or assessments imposed, if any, on any property of the District.
- b. **Notice.** The parties agree to provide notice to the other within ten (10) calendar days of receipt of any notice of potential or actual taxes, assessments, or costs, as a result of any transaction pursuant to this Agreement, or notice of any other taxes, assessments, or costs imposed on the property acquired by the District as described in subsection a. above. The Developer covenants to make any payments due hereunder in a timely manner in accord with Florida law. In the event that the Developer fails to make timely payment of any such taxes, assessments, or costs, the Developer acknowledges the District's right to make such payment. If the District makes such payment, the Developer agrees to reimburse the District within thirty (30) calendar days of receiving notice of such payment, and to include in such reimbursement any fees, costs, penalties, or other expenses which accrued to the District as a result of making such a payment, including interest at the maximum rate allowed by law from the date of the payment made by the District.
- c. **Tax liability not created.** Nothing herein is intended to create or shall create any new or additional tax liability on behalf of the Developer or the District. Furthermore, the parties reserve all respective rights to challenge, pay under protest, contest or litigate the imposition of any tax, assessment, or cost in good faith they believe is unlawfully or inequitably imposed and agree to cooperate in good faith in the challenge of any such imposition.

**5. INDEMNIFICATION.** For all actions or activities which occur prior to the date of the acquisition of the relevant Work Product, Improvements or Real Property hereunder, the Developer agrees to indemnify and hold harmless the District and its officers, staff, agents and employees from any and all liability, claims, actions, suits or demands by any person, corporation or other entity for injuries, death, property damage or claims of any nature arising out of, or in connection with, this Agreement or the use by the Developer, its officers, agents, employees, invitees or affiliates, of the Work Product, Improvements or Real Property, including litigation or any appellate proceedings with respect thereto, irrespective of the date of the

initiation or notice of the claim, suit, etc.; provided, however, that the Developer shall not indemnify the District for a default by the District under this Agreement.

**6. ACQUISITIONS AND BOND PROCEEDS.** The District and Developer hereby agree that an acquisition by the District may be completed prior to the District obtaining proceeds from the Bonds (“**Prior Acquisitions**”) or after the District has spent all of the proceeds from the Bonds. The District agrees to pursue the issuance of the Bonds in good faith, and, within 30 days from the issuance of such Bonds, to make payment for any Prior Acquisitions completed pursuant to the terms of this Agreement; provided, however, that in the event bond counsel determines that any such Prior Acquisitions are not properly compensable for any reason, including, but not limited to federal tax restrictions imposed on tax-exempt financing, the District shall not be obligated to make payment for such Prior Acquisitions. Interest shall not accrue on the amounts owed for any Prior Acquisitions. In the event the District does not or cannot issue the Bonds within five (5) years from the date of this Agreement, and, thus does not make payment to the Developer for the Prior Acquisitions, then the parties agree that the District shall have no reimbursement obligation whatsoever. The Developer acknowledges that the District may convey some or all of the Work Product and/or Improvements in the Engineer’s Report to Lee County, Florida and consents to the District’s conveyance of such Work Product and/or Improvements prior to payment for any Prior Acquisitions.

**7. DEFAULT.** A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of damages and/or specific performance.

**8. ATTORNEYS’ FEES AND COSTS.** In the event that either party is required to enforce this Agreement by court proceedings or otherwise, then the parties agree that the prevailing party shall be entitled to recover from the other all fees and costs incurred, including reasonable attorneys’ fees and costs for trial, alternative dispute resolution, or appellate proceedings.

**9. AMENDMENTS.** Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both the District and the Developer.

**10. AUTHORIZATION.** The execution of this Agreement has been duly authorized by the appropriate body or official of the District and the Developer; both the District and the Developer have complied with all the requirements of law; and both the District and the Developer have full power and authority to comply with the terms and provisions of this instrument.

**11. NOTICES.** All notices, requests, consents and other communications under this Agreement (“**Notices**”) shall be in writing and shall be delivered, mailed by First Class Mail, postage prepaid, or overnight delivery service, to the parties, as follows:

**12. ARM'S LENGTH TRANSACTION.** This Agreement has been negotiated fully between the District and the Developer as an arm's length transaction. Both parties participated fully in the preparation of this Agreement and received the advice of counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, both parties are deemed to have drafted, chosen, and selected the language, and the doubtful language will not be interpreted or construed against either the District or the Developer.

**13. THIRD PARTY BENEFICIARIES.** Except as provided below, this Agreement is solely for the benefit of the District and the Developer and no right or cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the District and the Developer any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and all of the provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and shall be binding upon the District and the Developer and their respective representatives, successors, and assigns. Notwithstanding anything in this Agreement to the contrary, the Trustee for the Bonds shall be a direct third-party beneficiary of the terms and conditions of this Agreement and, acting at the direction of and on

behalf of the bondholders owning a majority of the aggregate principal amount of Bonds outstanding, shall be entitled to cause the District to enforce the Developer's obligations hereunder. The Trustee shall not be deemed to have assumed any obligations under this Agreement.

**14. ASSIGNMENT.** Neither the District nor the Developer may assign this Agreement or any monies to become due hereunder without the prior written approval of the other and the Trustee and bondholders owning a majority of the aggregate principal amount of the Bonds outstanding, which consent shall not be unreasonably withheld. Such consent shall not be required in the event of a sale of the majority of the lands within the District then owned by the Developer pursuant to which the unaffiliated purchaser agrees to assume any remaining obligations of the Developer under this Agreement, provided however that no such assignment shall be valid where the assignment is being made for the purpose of avoiding the Developer's obligations hereunder.

**15. APPLICABLE LAW AND VENUE.** This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida. Each party consents that the venue for any litigation arising out of or related to this Agreement shall be in Lee County, Florida.

**16. PUBLIC RECORDS.** The Developer understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records and treated as such in accordance with Florida law.

**17. SEVERABILITY.** The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.

**18. LIMITATIONS ON GOVERNMENTAL LIABILITY.** Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, *Florida Statutes*, or other law, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred by sovereign immunity or by other operation of law.

**19. HEADINGS FOR CONVENIENCE ONLY.** The descriptive headings in this Agreement are for convenience only and shall not control nor affect the meaning or construction of any of the provisions of this Agreement.
